

## Designed with Purpose

Elkhorn is an independent investment solutions firm creating research-based financial products. By rethinking the relationship between investment strategy and product structure, Elkhorn designs, sponsors and distributes products that give advisors access to distinguished research in a wide range of investment structures.

Through Elkhorn, advisors can access world class research, such as Dorsey, Wright & Associates, Research Affiliates, S&P Dow Jones Indices, Nasdaq and others in a variety of structures including:

- Exchange traded funds (ETFs)
- Exchange traded notes (ETNs)
- Separately managed accounts (SMAs)

Our vision at Elkhorn is to design investment products with purpose and pioneer the next chapter of investing.
